

# Financial Empowerment Program

## Financial Empowerment Sessions

These 1:1 sessions are for women who want to plan for their future and insure financial health, as well as those who are currently struggling with financial issues or concerns. Through the generosity of experienced bankers, financial planners, and tax accountants, low to moderate income women now have access to no-cost financial planning services at WE CAN.

The Financial Empowerment Program is designed to complement existing programs on the Cape that offer financial guidance, by assisting women who may need more individualized attention than they may be able to receive in a group setting. This program is also an asset to those who may feel uncomfortable in other more "public" venues.

Individual Financial Empowerment sessions with a professional financial volunteer are scheduled in advance by calling the WE CAN office. Initial sessions are 45 minutes in length, with the opportunity to schedule a follow up if the situation warrants. The sessions are held at the WE CAN office in Harwich Port.

### Ongoing Sessions:

**Please call for more information or to schedule your own appointment.**
